

The image is a screenshot of a mobile application interface for a topographic map. The map displays a mountainous region with a large yellow-shaded area in the foreground, likely a protected natural space. A red circle highlights a specific location labeled "Parcelle C570". The interface includes a top navigation bar with icons for map style, layers, and search. A bottom navigation bar contains icons for home, search, and map. The map shows various geographical features like rivers, roads, and elevation contours. The text "Parcelle C570" is prominently displayed within the red circle. The bottom navigation bar has icons for "Accueil" (Home), "Recherche" (Search), and "Carte" (Map). The top navigation bar has icons for "Fond de carte" (Map style), "Raster", "Limites administratives" (Administrative boundaries), and "Carte en cours" (Map in progress). The map itself shows a complex terrain with roads, rivers, and various geographical features. The text "Parcelle C570" is written in a bold, black font. The red circle is a thick, solid line. The yellow-shaded area covers a significant portion of the lower half of the map. The top navigation bar is a dark green color. The bottom navigation bar is a light gray color. The map is a detailed topographic map with various colors and lines representing different features. The text "Parcelle C570" is the main focus of the image. The red circle and yellow-shaded area are also key elements. The navigation bars provide context for the application's functionality. The overall image is a clear and detailed representation of the mobile application's interface and the map it displays.
